We Invent Displays

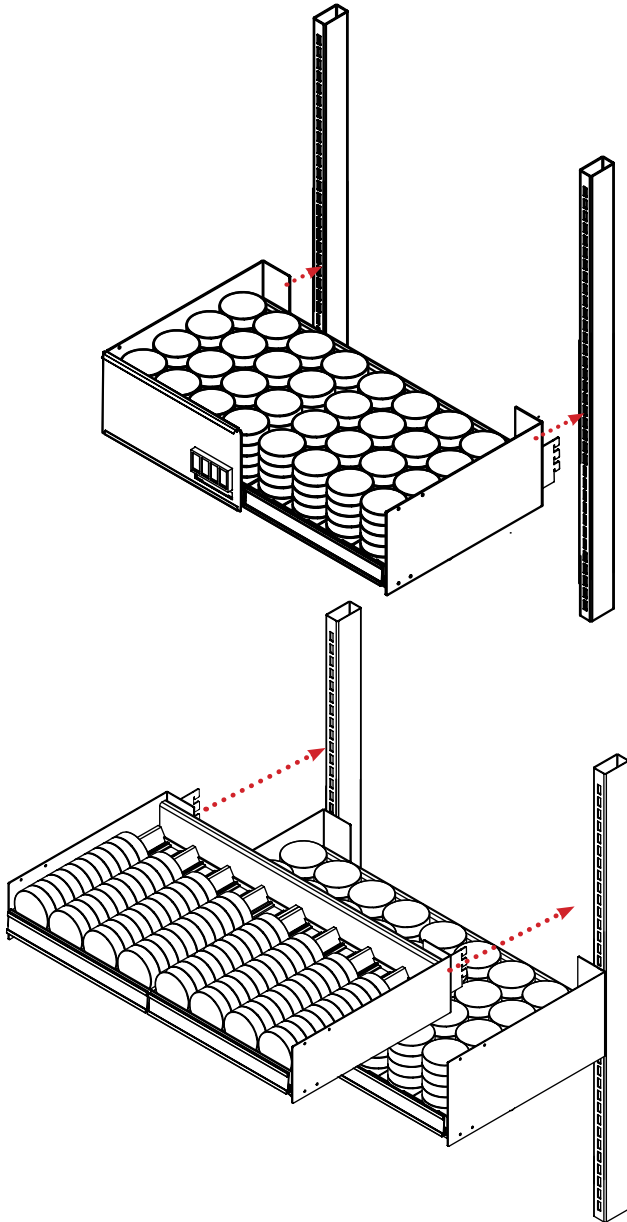

If desired, shroud can be removed from the can product shelf and placed on the roll shelf.

NOTE: Remove other shelves that are above and below the Zyn display to ease the install process.

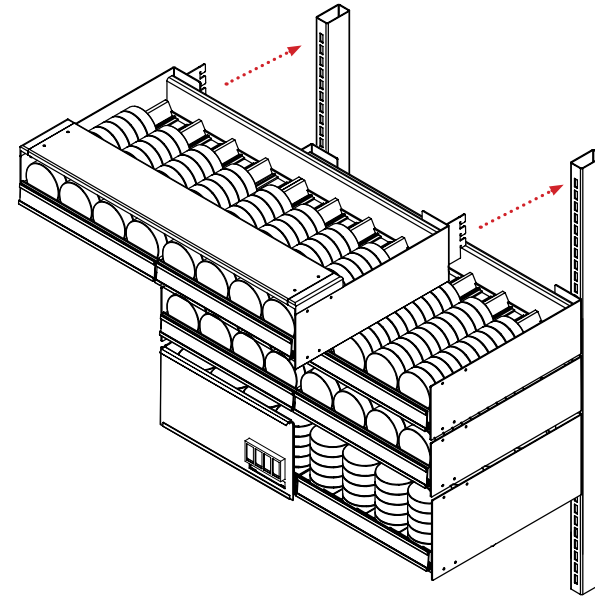

ZYN ZONE 2.0 SPECIFICATION AND INSTRUCTIONS

Step 1: Attach to uprights from the lowest level first.

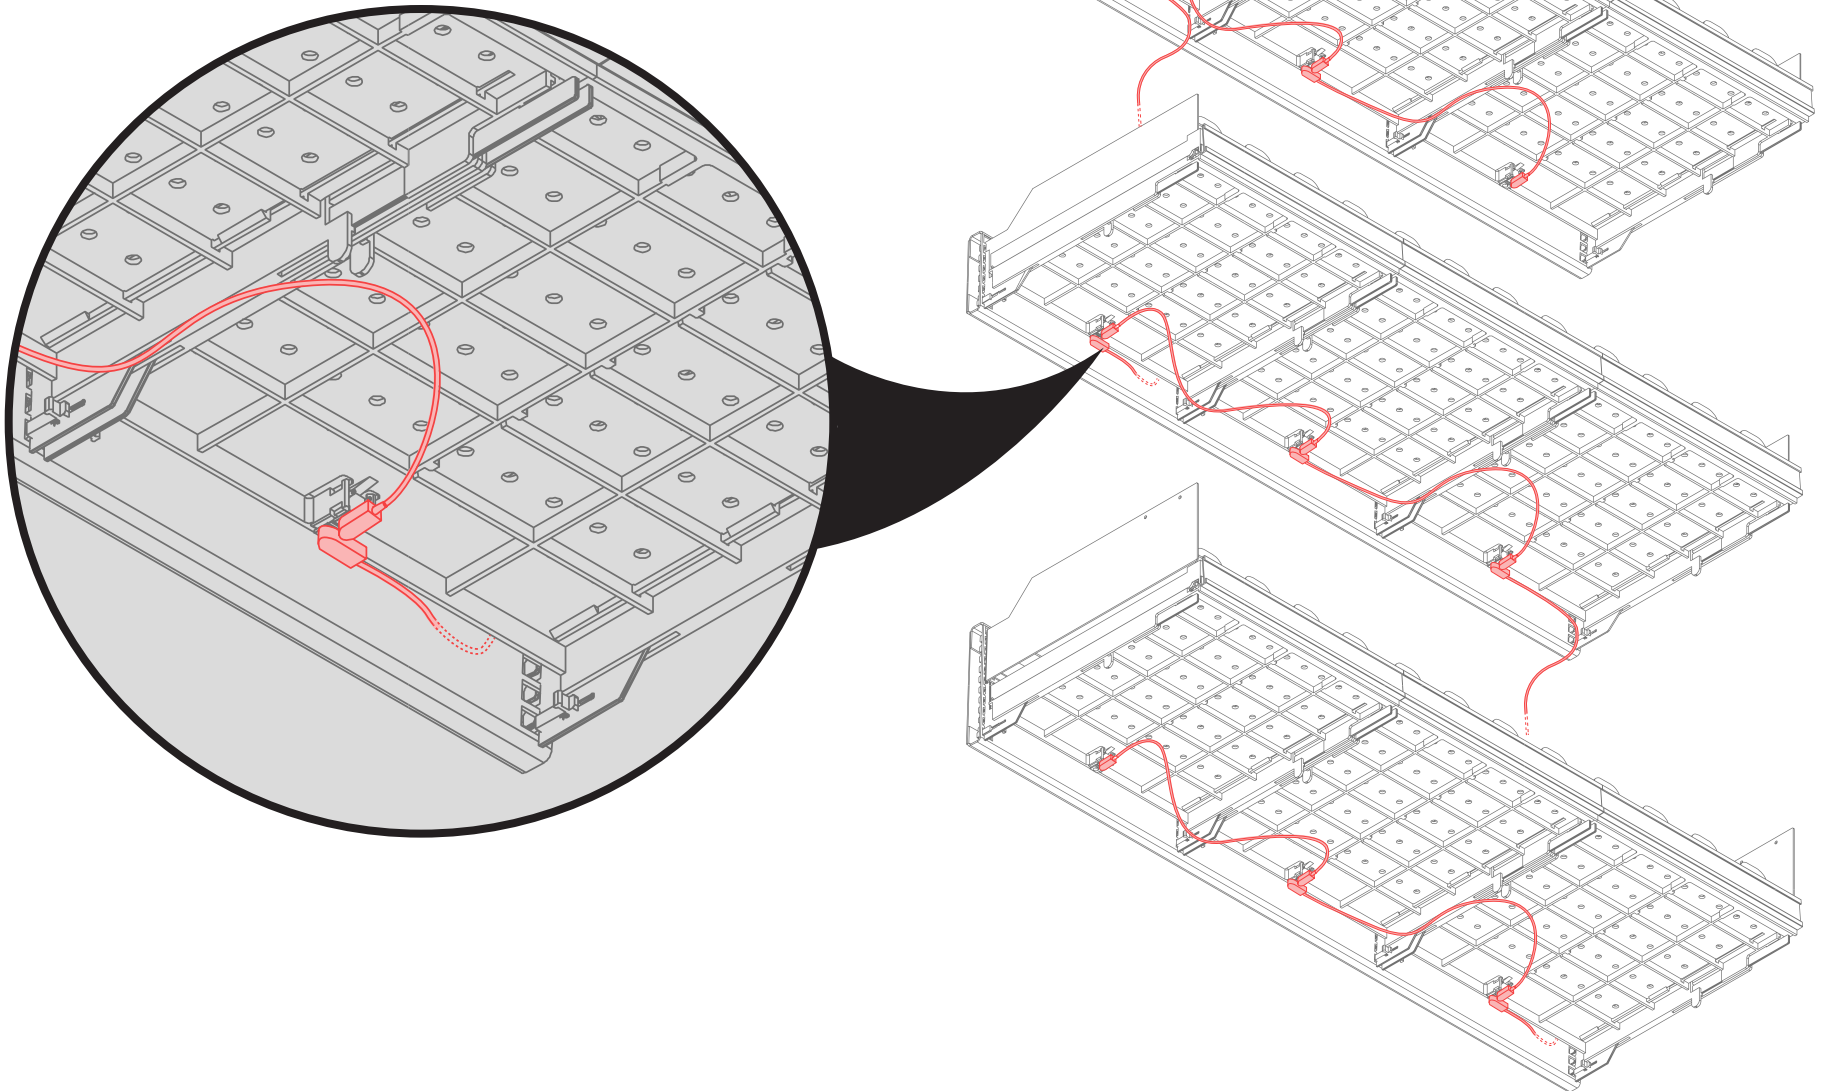

Step 2: Add upper shelves, Use provided electrical jumper cables between shelf layers. See next page for reference

The top layer will have a shroud attached. Plug power supply into bottom row.

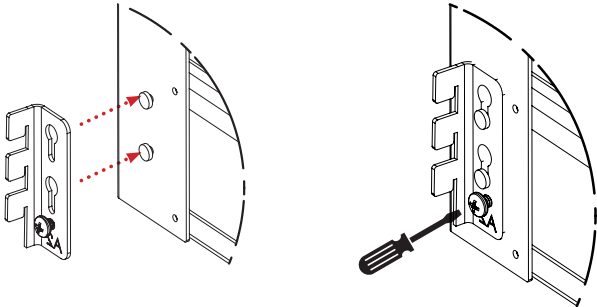

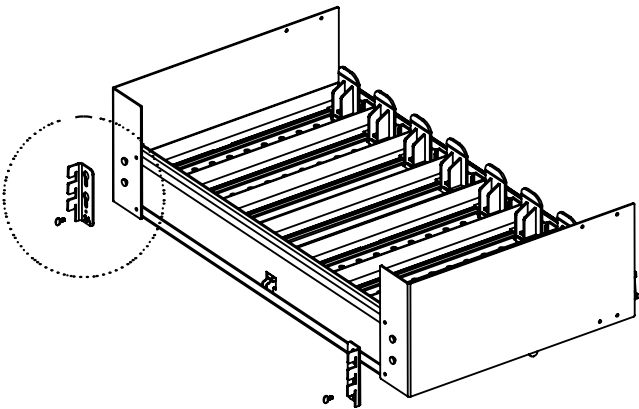

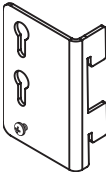

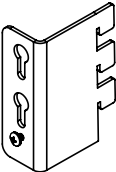

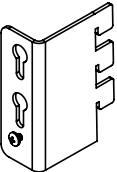

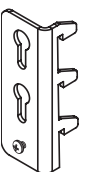

Insert jumper cables on each shelf and connect to each shelf layer as you build up.

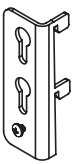

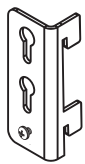

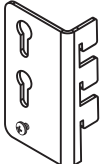

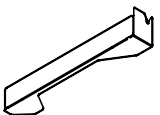

If you need to interchange your bracket to accommodate a different display see below.

Note: Referencing the table, attach the correct brackets for your fixture. Insert onto the posts and push up, secure with provided screw till tight.
