Top crossbar

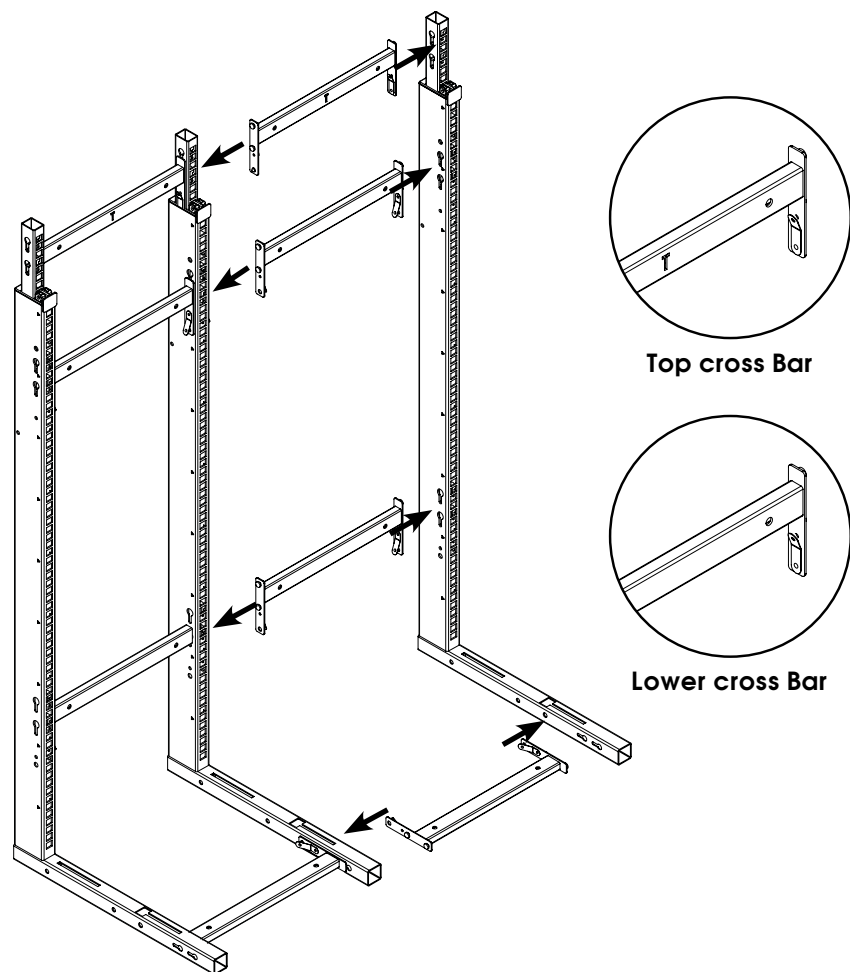

Bottom crossbar

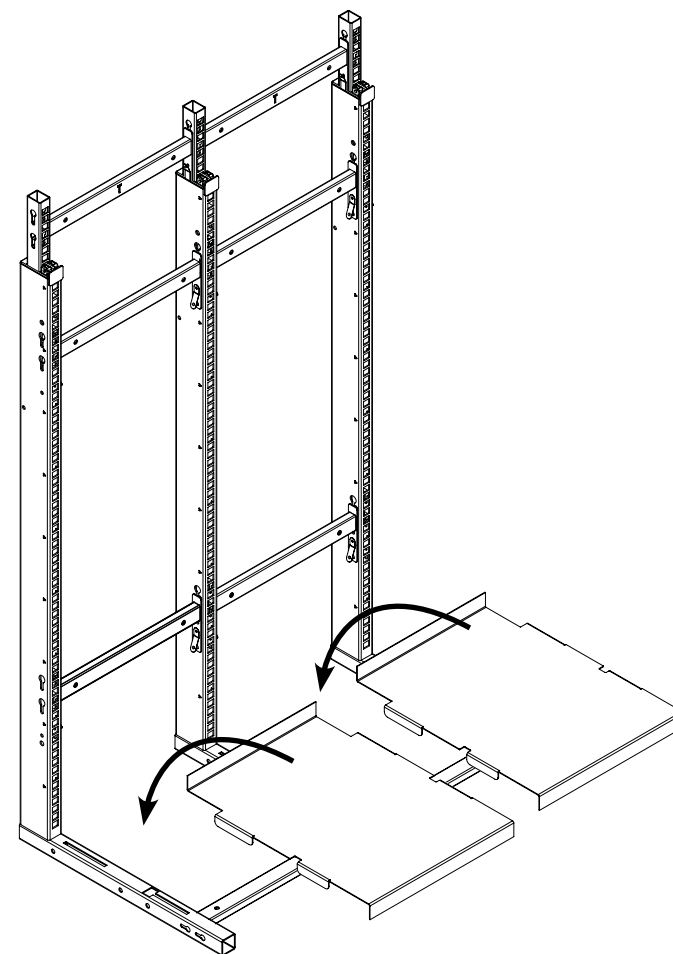

Base Panel

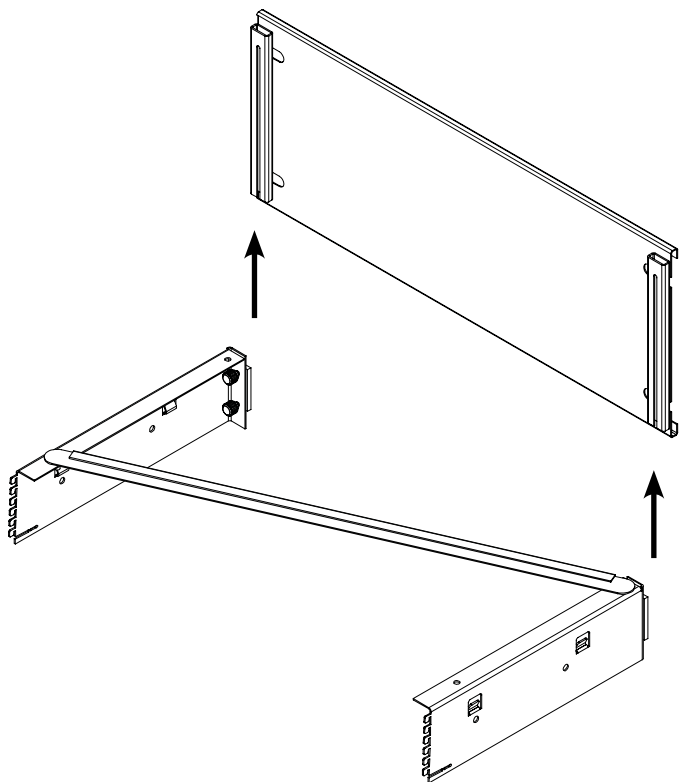

1 Make sure the telescoping locks are NOT engaged. Attach cross bars to leg uprights. Top cross bars are marked with a “T” while the lower cross bars are blank.

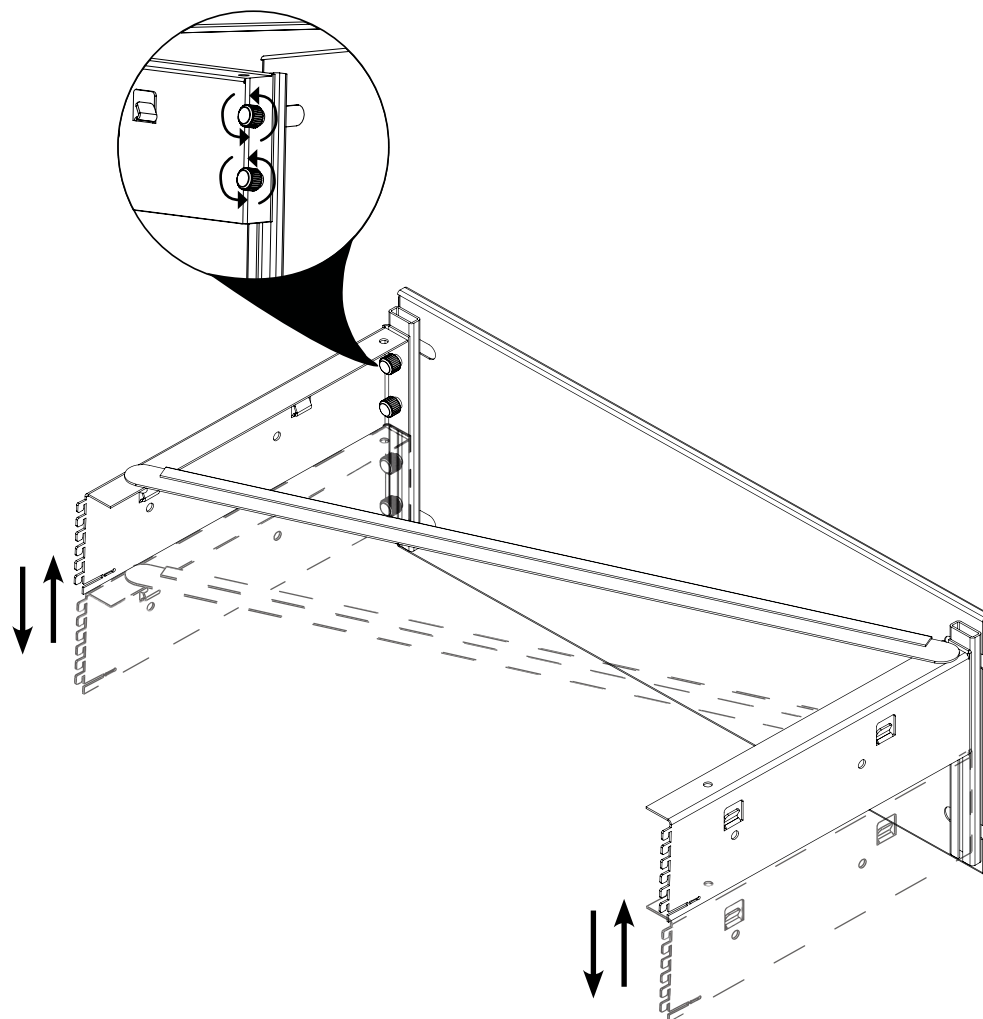

2 Adjust leveler feet. Insert bases into leg slots.

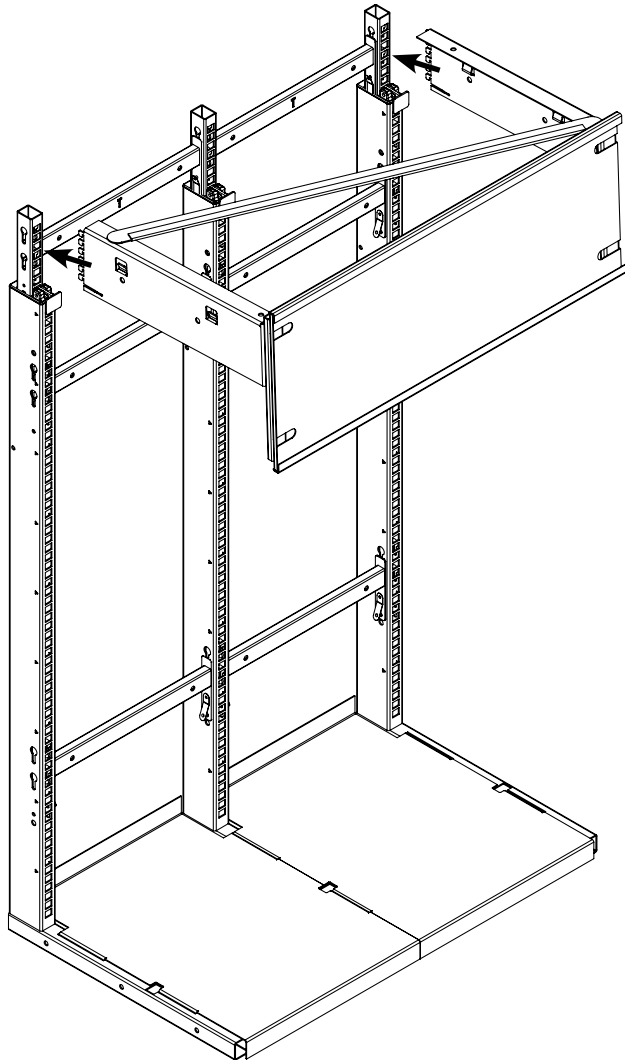

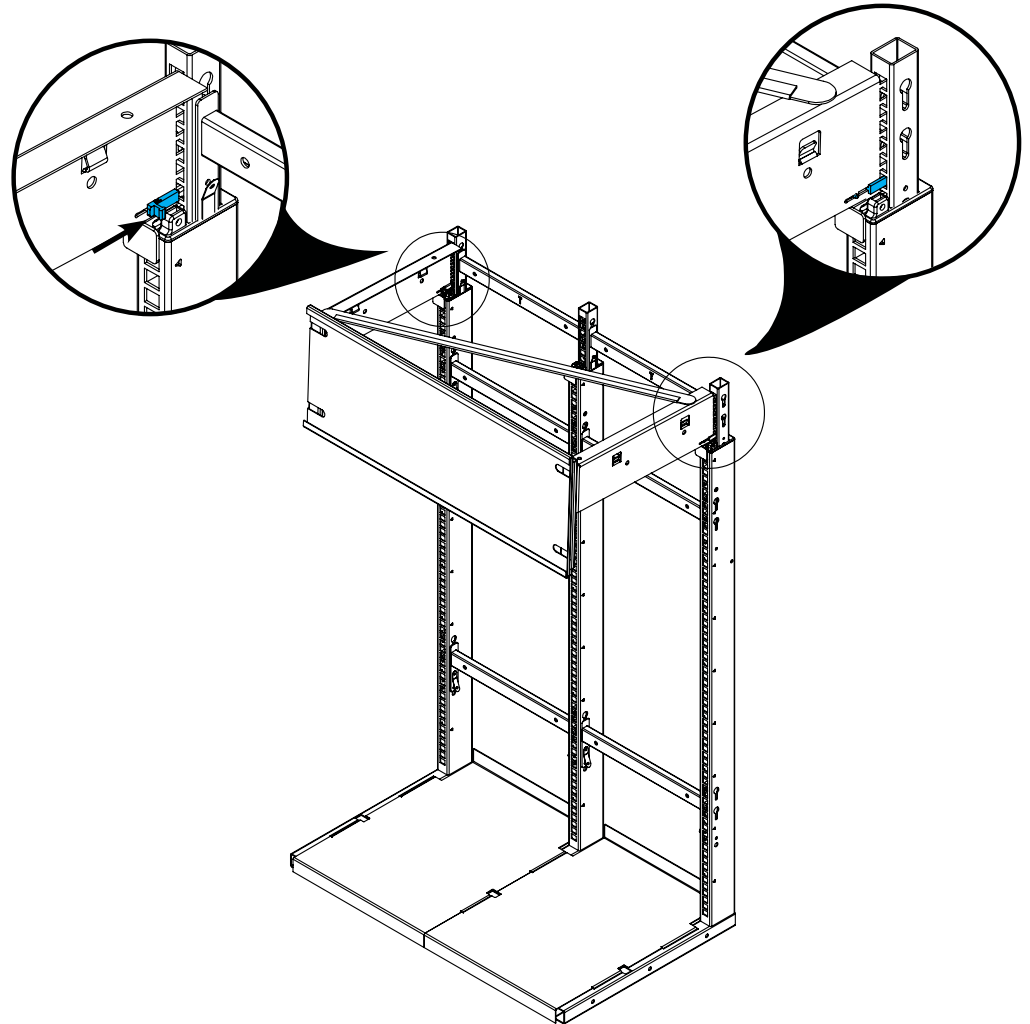

3 Attach header bracket to front header face.

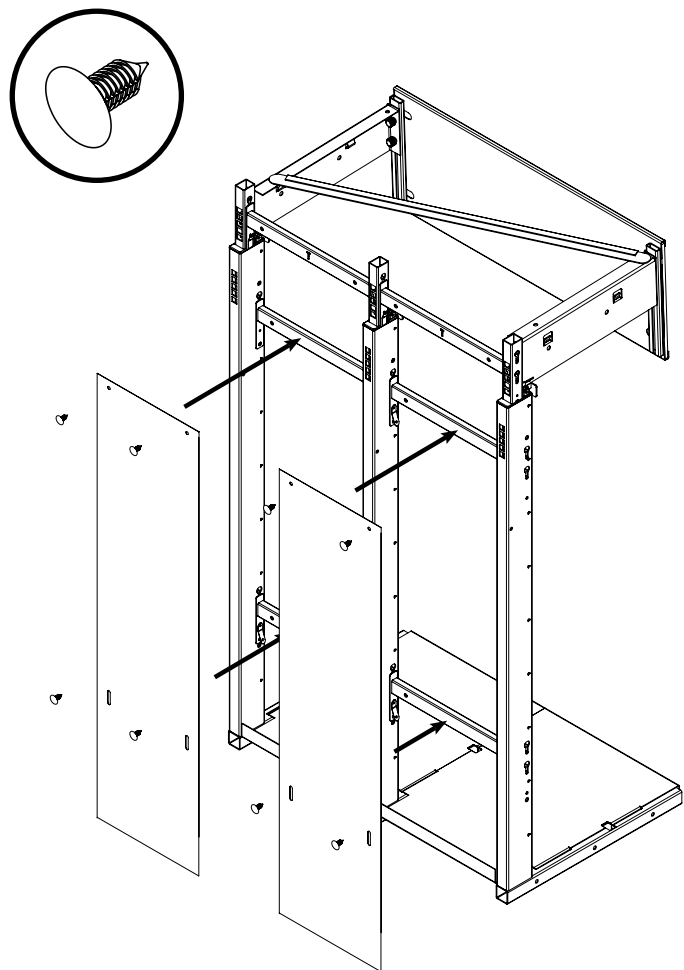

4 Position as needed. Tighten thumb screws to secure position.

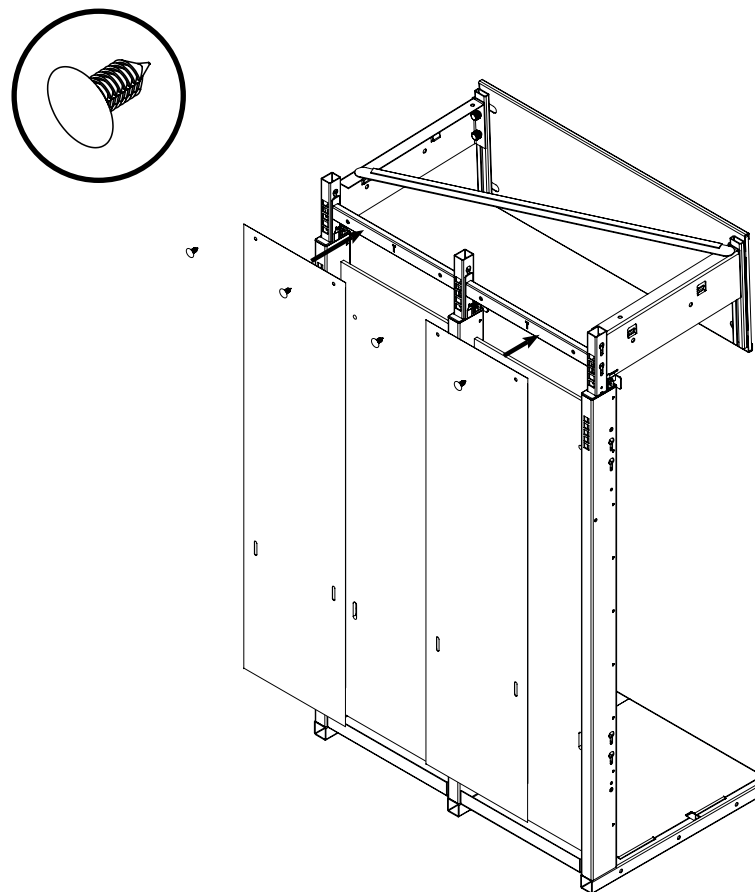

5 Attach header to uprights.**6** Engage the Locks.

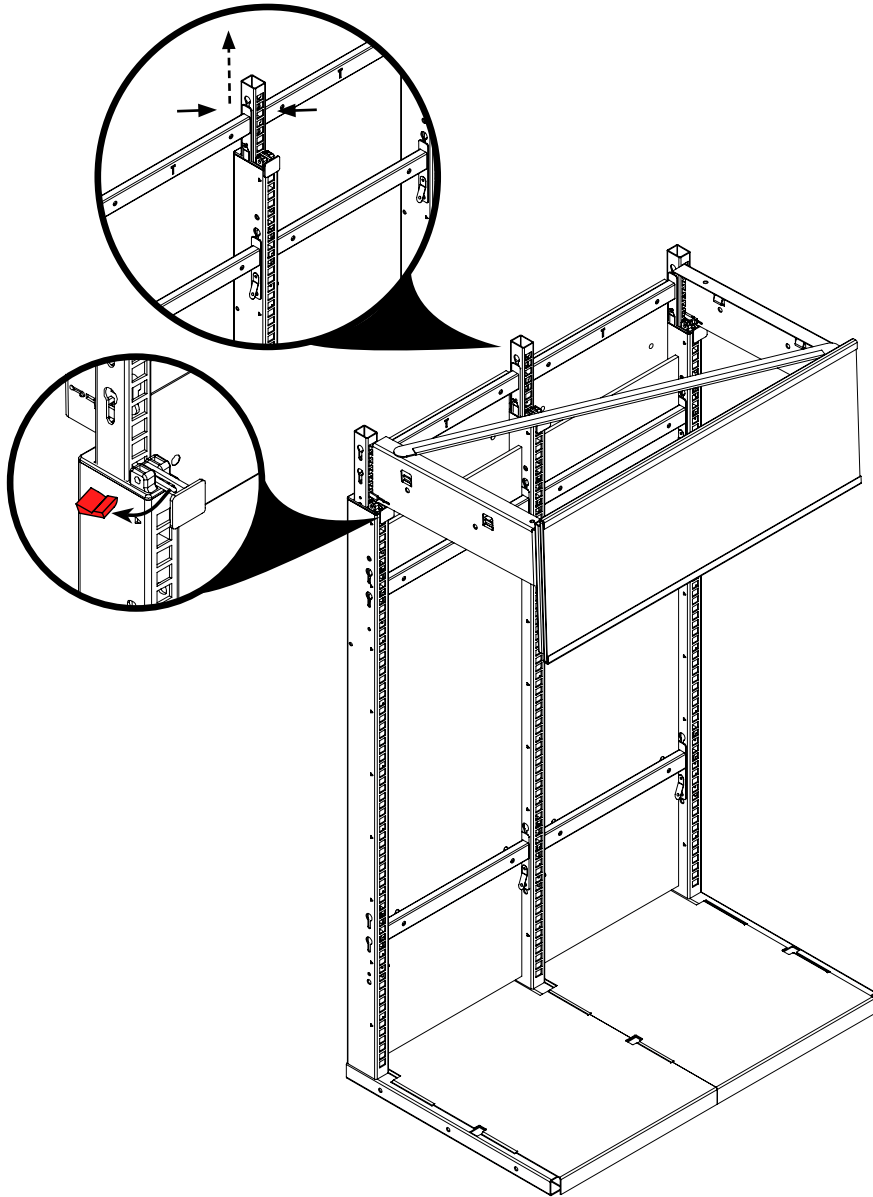

7 Attach backdrop to middle and bottom cross bars with christmas tree clips.

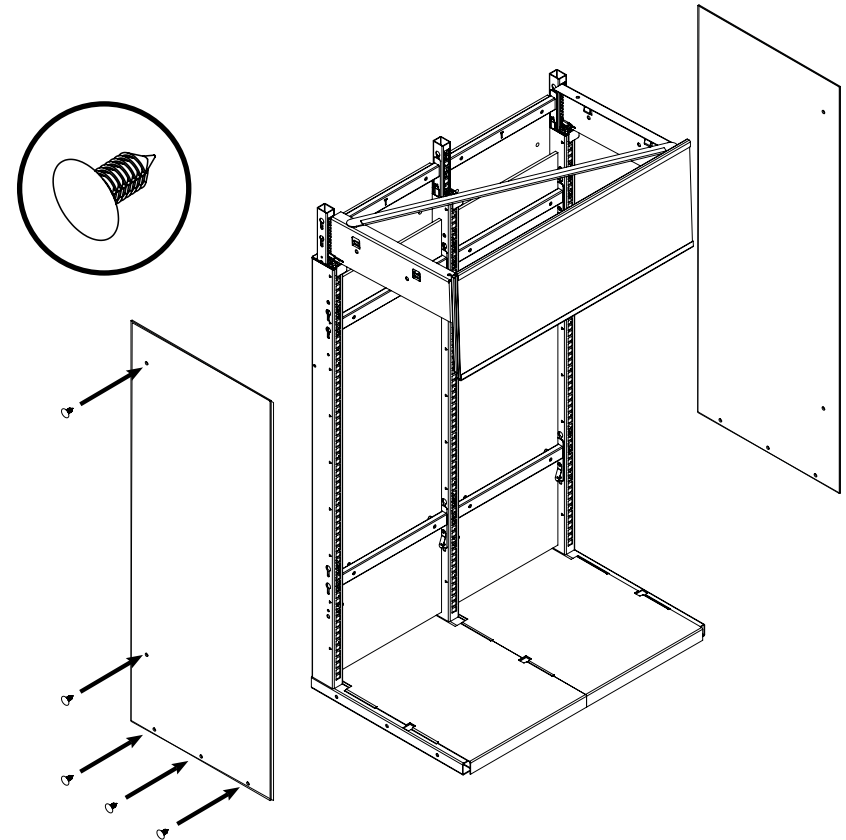

8 Attach secondary backdrop to the top cross bar.

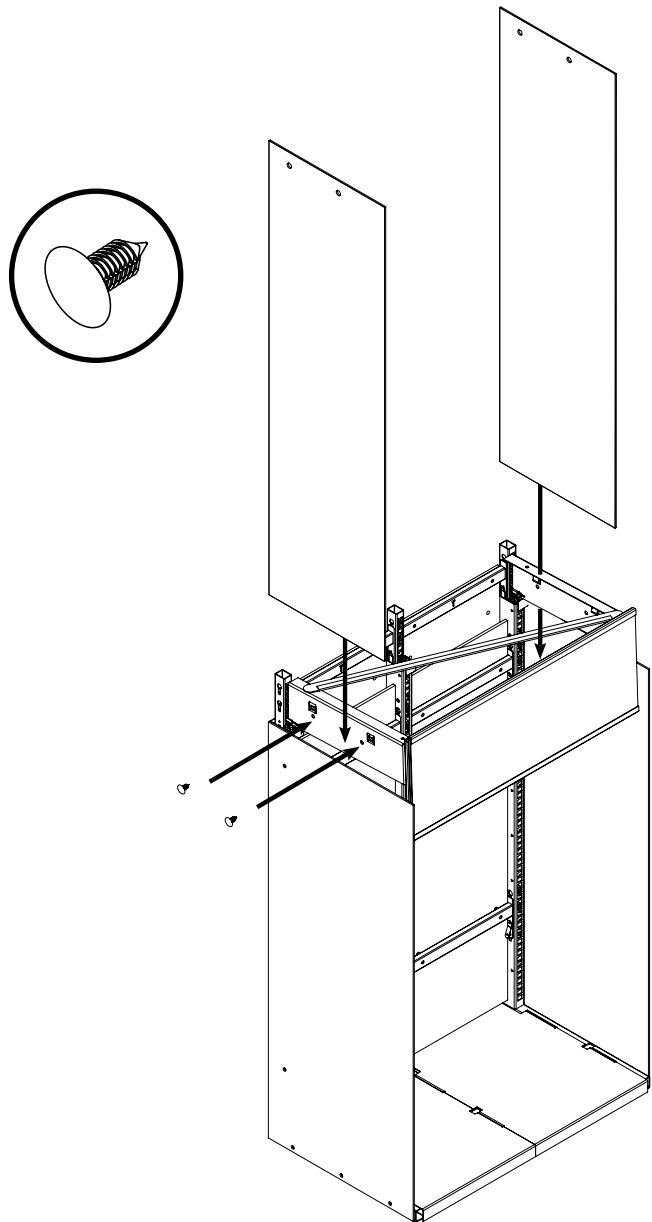

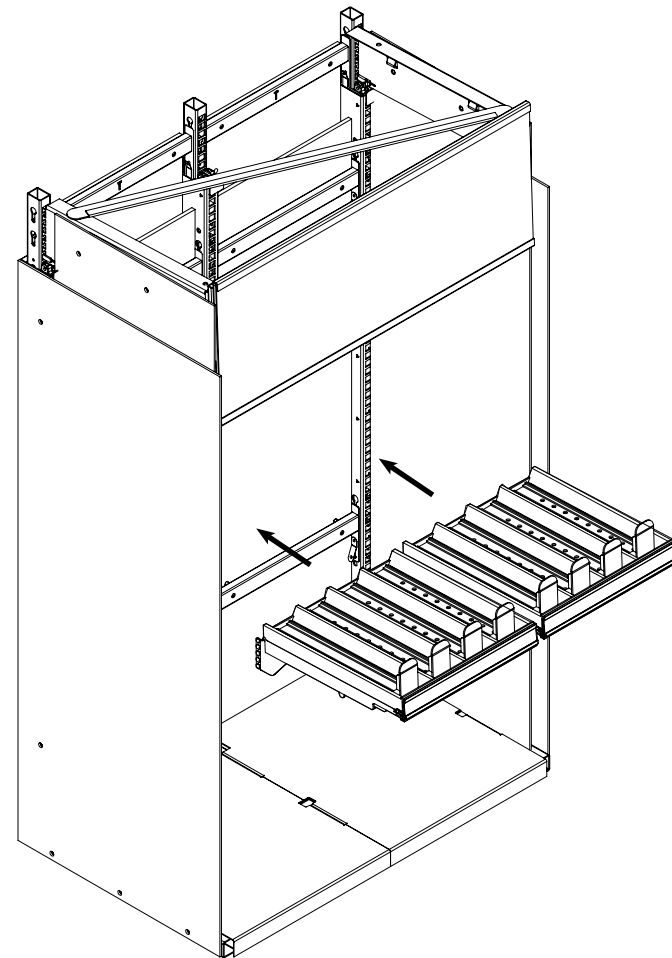

9 Remove lock stoppers and pull up on the uprights to adjust the height. Push in locks to secure in place

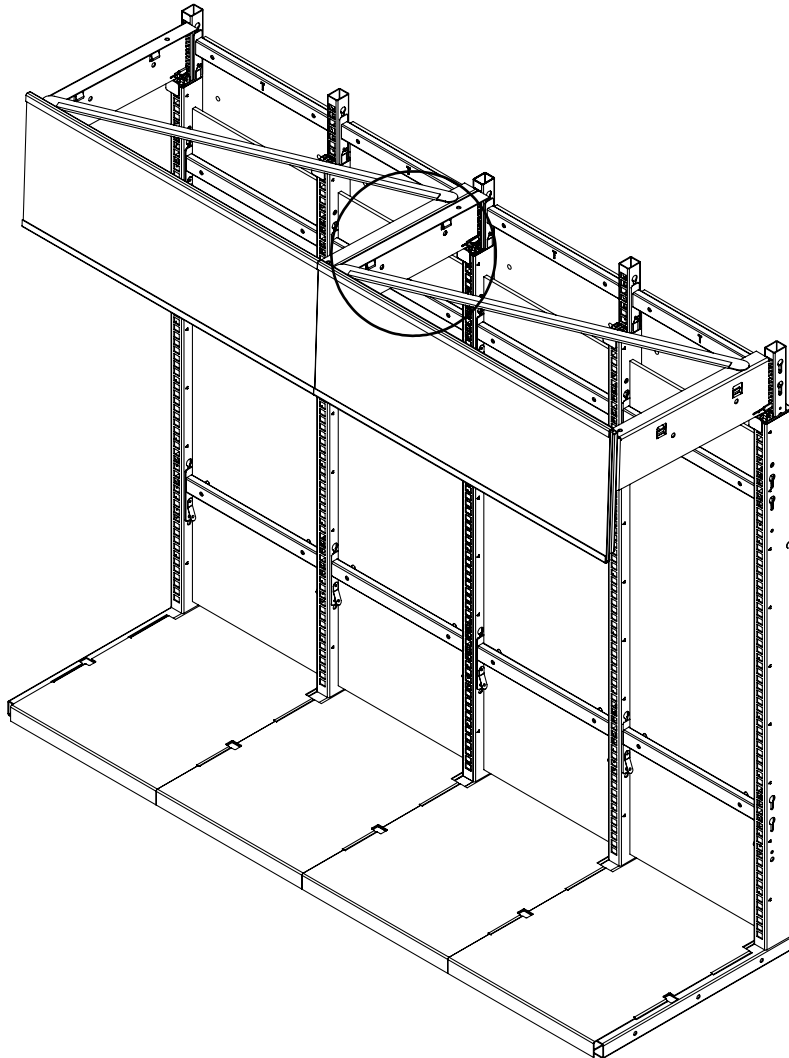

10 Attach lower side panels with christmas tree clips.

11 Attach upper side panels with christmas tree clips.**12** Add Shelves.

4.0 Attaching Header Panels

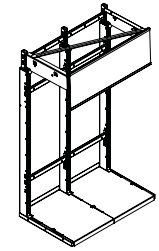

To secure two header panels, secure wing nut to bolt in the center of the two racks to complete assembly.

Nut (2x)

Bolt (2x)

2 Foot Rack (2x)
